We can accommodate 2 buses with trailers **nose to nose** within our allotted space (maps on next page). Lewis is a one way street running North. Access to it can be made from Eastern Ave or through an alley off Saulter St (1 block East) if you’re in a smaller vehicle.

We can also accommodate 3 smaller vehicles on the concrete landing pad. We have 2 connections for shore power and buses are required to run off it. We’re in a residential neighbourhood and get noise complaints from running generators through the night.
